Business Policy

PISE's business policy is based on the thought of MVP.

Mutual Prosperity

PISE and our employees put customers first before anything else, aiming for mutual growth.

PISE serves customers as an IT concierge.

As with a hotel concierge, it is PISE's motto to identify and implement the best solution for customers. Not just responding to customers' needs, PISE solves customers' problem and situational issues from customer's viewpoint together with customers.

PISE provides any IT solutions as a one-stop service.

PISE responds to customers' needs of not only systems and networks but also in all IT areas, which have become more complicated. We provide comprehensively proven one-stop solutions that thoroughly support planning, consulting, education, and design.

Venture

Maintains ambitions and a high level of motivation to keep exploring company growth and the opportunities for social contributions.

Point of View

Stands by customer viewpoints and views things from diversified perspectives and endeavors to provide the best and latest solutions.

To ensure win-win relationship among customer, PISE, and employees

The win-win relationships that PISE aims for are based on the philosophy "One's success must be achieved without sacrificing others." In order not only for customers but also PISE and our employees to ensure a win-win relationship, PISE would like to seek the best way free from established concepts. Back to the top of the page.
